

GROOVIN' TODAY

Darrell & small group

1. When you're tired,
When you're focusing on giving up,
You could cry,
You could turn around and say you're done,
But are there other things you could do?
I can think of one or two...

All

CHORUS

*You've gotta pick up your heels and find the beat,
You've gotta loosen your shoulders, your hips, your feet,
You've gotta point to the heavens and say,
'I'm still on my way.'
You've gotta pick up the rhythm and click along,
You've gotta lose all your worries, they don't belong,
You've gotta point to the heavens and say,
'We're groovin' today!'*

Mary, Joseph, Darrell & visitors

2. Though it seems
That the journey could go on for years,
We're a team,
We'll support each other through our fears,
And are there other things you could do?
I can think of one or two...
